

Project:: Promoting Inclusion by Using Quality Indicators YEAR 2

Applicant:: New Jersey Coalition for Inclusive Education, Inc.

Address: 9 Auer Court,
Suite H
East Brunswick, NJ 08816

Partners: selected school districts

Council Funds: \$28,000.00

Match Funds: \$49,082.36

Abstract: By the end of Year 1, partnerships will have been established with five diverse school districts which will, in Year 2, pilot the quality indicators with technical assistance provided by QI Project staff. If approved, Year 3 activities will consist of development and dissemination of a QI technical assistance manual (QI Technical Assistance Manual) documenting the quality indicators and describing the self-assessment and action planning procedures, in addition to conducting regional informational meetings for administrators and workshops for district teams in the QI Technical Assistance Manual's use.

The QI Project will form a foundation for ensuring that students with DD receive appropriate education and training for in-demand work skills, appropriate social skills and active preparation for adult life and independence.
